# WHAT IS THE AHCA/NCAL NATIONAL QUALITY AWARD PROGRAM?

The AHCA/NCAL National Quality Award Program recognizes long term and post-acute care organizations across the nation for quality. Based on the Baldrige Performance Excellence Framework, a nationally recognized method for improving business performance, the Program sets high standards for quality and excellence. The Program has three levels of awards: *Bronze – Commitment to Quality, Silver - Achievement in Quality, and Gold – Excellence in Quality*, each of which set progressively higher standards for performance. By moving through the three award levels, organizations will improve the quality of the care and services they provide.

## **BRONZE AWARD -**

**Committment to Quality** The goal of this award level is to provide applicants with the tools and resources they need to achieve performance improvement through the introduction of the Baldrige criteria.

## SILVER AWARD -

Achievement in Quality At this level, applicants respond to a sub-set of the Baldrige criteria to continue to learn and develop effective approaches to drive continual improvement of performance and health care outcomes.

## **GOLD AWARD -**

## **Excellence in Quality**

At this final level of the Program, applicants must apply the Baldrige criteria in its entirety to show superior performance in areas of the criteria including leadership, strategic planning, and customer and staff satisfaction.

#### **Regulatory Demands**

The Program criteria prepares providers for regulatory demands such as CMS' Quality Assurance/Performance Improvement (QAPI) requirements and the Medicare and Medicaid Requirements of Participation (RoP).

#### **Team Engagement**

Bring your team together for one common goal. The application process serves as a team building activity to engage staff across all levels of your organization.
